

Spelling Mistakes

'Thare are five mistukes im this centence.'

True or false?

Spelling Mistakes

There are four *spelling* mistakes, in the words 'there', 'mistakes', 'in' and 'sentence'. The fifth mistake is the claim that there are five mistakes, when there are really only four.

But ... this means that if the sentence is true, it has to be false, but if it's false, it has to be true. Oops.
